ROSES

HYBRID PERPETUAL, OR JUNE ROSES.

Black Prince. Very dark crimson, almost black.

Clio. Flesh color.

General Jacqueminot. Bright crimson; very free flowering.

Mrs. John Laing. Pink.

Paul Neyron. Pink.

Prince Camille de Rohan. Deep maroon, of velvet-like texture.
\$1.00 each; \$10.00 per dozen.

HYBRID TEA—EVERBLOOMING ROSES.

The Hybrid Tea Roses have now taken the foremost rank in the Rose Culture of this country. They are very profuse bloomers. The plants are continually in bloom, from early June until severe frosts come in the fall. They are quite hardy and will stand our coldest winters with a little protection.

Place your order early, so as to be sure and get the varieties you want.

Price: \$1.00 each; \$10.00 per dozen.

TWO YEAR, NO. 1 ROSES

This grade of Roses is the strongest and best that can be had at any price. They are selected for their sturdiness as well as for their size. The plants offered here are two year old, budded, field-grown stock and as they are grown within 50 miles of Syracuse (at Newark, N. Y.) they are especially suitable for this locality. The budded plants have been proven—with a few exceptions—to be the hardiest and the best bloomers and if planted to the proper depth, will seldom produce wild shoots.

Beaute de Lyon. Coral-red, slightly shaded with red. Vigorous grower.

Chateau de Clos Vougeot. Deep velvety carmine.

Columbia. In color it is of a most pleasing shade of rose-pink and delightfully fragrant.

Crusader. Crimson.

Visit our Nursery and select your own stock.

You will be welcomed.

IN Purchasing Nursery Stock the most important point is to have it delivered to you as soon as possible after being taken from the ground. Our plants are dug and delivered the same day ; this assuring good live stock to begin with and if they are kept damp before planting and watered well after planting they will make a fine showing the first season.

OUR GUARANTEE

We Guarantee Our Plants to be in Good Condition when delivered. If given the proper care and if any of them die the first season we will gladly replace them Free of Charge. All claims for replacements must be made in writing between July 1st and October 1st.

You are cordially invited to come to the Nursery and select your own plants. There are always capable men there to wait on you.

THIS IS YOUR PROTECTION !
